Fuller results

Rosettes will be distributed as soon as possible.

Well done to all for competing in the rain and mud and for complying with the emergency parking arrangements.

Despite the conditions almost everyone completed the orienteering within the time window allowed so gained full marks. A few had marks deducted for failing to answer the questions.

Most did extremely well on the obstacles with every horse gaining full 10 marks for the Stand and Stay exercise.

Control of pace: Sophie and Harley had slowest canter and Liz and Splash had fastest walk. See below for times.
